APEX is a Not For Profit Organization

CLINICS

In multi-day clinics the APEX team, along with guest clinicians, will offer a curriculum of best practices and research to support your endurance goals.

*

Learn different aspects of anatomy, physiology, lameness, metabolics, training the horse and rider, equitation and more.

*

Experience what it takes to succeed at the national or international level.

Attend lectures

*

Experience evaluations of you and your horse

*

Apply the principles you have learned on the trail

*

Opportunities for increasing levels of education

**A
Partnership
For
Endurance
Xcellence**

WHO WE ARE

John Crandell III 2006 US “Triple Crown” winner – the Old Dominion, the Tevis Cup and the National Championship, John is a dedicated international competitor and trainer who develops high performance strategies for the elite endurance athlete.

Ann Stuart DVM Ann has supported all levels of US international endurance teams for ten years as Team Veterinarian or on the Chef D’Equipe staff, helping riders win gold, silver and bronze medals.

Stagg Newman Stagg has earned national championships and international gold medals. His horse, Ramegwa Drubin, was the 2003 Hall of Fame inductee and Stagg recently served as the 2006 president of the AERC.

Jeff Pauley A certified journeyman farrier, Jeff has competed in reining and worked with USA East endurance as well as serving as the Team Farrier for USA Endurance in Aachen in 2006.

Cheryl Newman For riders seeking to improve their performance Cheryl offers her experience as a top ten competitor in every AERC region with multiple 100 mile wins. She is also an FEI ride manager and steward.

Anne Ayala As a competitor, an FEI ride manager and a 4 star FEI judge, Anne has served the endurance community in many important roles. She received the 2000 Pard’ners Award with Overlook Nuryev.

Dinah Rojek Dinah has bred, raised and competed her competitive trail and endurance horses for over 25,000 miles. She is an FEI official, an international team medal winner and has assisted other countries in development of their endurance programs.

MISSION

Partnering in training and academic advancement to achieve the highest performance levels for endurance horses, riders and teams.

Troy Ball National championship winner in other disciplines, Troy has completed her first year in endurance with two Best Conditions and a gold medal. She offers her fresh outlook and dedication to advancement as a founding member of the APEX team.

Lisa Maxwell An accomplished classical dressage rider and trainer, Lisa works with horses and riders to achieve balance, self-carriage and harmony for improved performance in endurance racing.

A partnership of endurance enthusiasts dedicated to the advancement of academic and practical skills that enhance performance in our sport

PARTNERSHIP

APEX GOALS

TO provide continuing education, training and encouragement for horses and riders to enable increasingly higher levels of success in national and international competition.

TO enhance racing proficiency by sharing experiences and engaging in teamwork.

TO establish a stepped program of academic study and certification in equine knowledge.

TO utilize the latest scientific information to improve horse and rider performance.

TO create individualized training programs for both horse and rider.

TO field teams for national and international competition.

TO financially support horses and riders for international competition.
